

LOW EMISSION PACKING

CECO LEP™, utilizing proprietary Resilon-T™ material and innovative packing design, is superior to other pressure packing in the industry. When compared with existing packing, LEP™ dramatically reduces fugitive emissions, lost and unaccounted for gas.

OUTPERFORMS STANDARD PACKING

DRAMATICALLY REDUCES FUGITIVE EMISSIONS

- Help satisfy EPA & state regulatory compliance
- Reduces the average leak rate over 90% when compared to conventional packing
- Reduces lost and unaccounted for gas providing increased revenues
- Rarely requires modification to existing packing case
- Easy to install
