

COMPRESSOR LUBE REDUCTION

CECO'S Resilon-T™ X540 is a proprietary polymer blend proven to dramatically reduce lubrications costs in your Ariel® compressors. It offers more reliable piston rings, rider bands, and rod packing.

Resilon-T™ X540

REDUCE LUBE COSTS BY MORE THAN 50%

EXCELLENT LUBRICITY PROPERTIES

- Substantial savings in lubrication
- High performance proprietary X540™ polymer
- Reliable in high-speed applications
- No costly modifications
- Provides 2-7 times lower wear rates than competitive materials
- Fast delivery
