

LOW EMISSION PACKING

CECO LEPTM Low Emission Packing, utilizing proprietary Resilon-T™ material and innovative packing design, is superior to other pressure packing in the industry. When compared with existing packing, LEPTM dramatically reduces fugitive emissions, lost and unaccounted for gas.

OUTPERFORMS STANDARD PACKING

DRAMATICALLY REDUCES FUGITIVE EMISSIONS

- Satisfies EPA & state regulatory compliance
- Reduces the average leak rate by 90% when compared to conventional packing
- Reduces lost and unaccounted for gas providing increased revenues
- Rarely requires modification to existing packing case
- Easy installation
